

Change of Status, Program, Requirement, etc

College of Engineering & Applied Science

Name: Phillips, Scott

UC ID: M04130689

Address: 3240 Whitfield Avenue APT 306, Cincinnati, Ohio, 45220

Department: Department of Aerospace Engineering and Engineering Mechanics

Program: Doctor of Philosophy in Aerospace Engineering

Advisor: Cohen, Kelly

Cell Phone#: 5138765896

E-Mail: phillis8@mail.uc.edu

EXAMPLES OF CHANGES (Be specific and detailed): FT/full-time, PT/part-time, W/withdrawal from the program, Program change Ph.D. from/to MS, Changes regarding class permission for any reason, etc.

I request: AEEM9074 - Fall 2025 Took Dr Kelly Cohen's Optimal Control (AEEM6022) course as independent study since it is no longer offered as a regular course. Followed existing lesson and readings outlines. Submitted all homeworks to him. Extended the section on combinatoric optimization to develop mergeVAT, accelerating a combinatorics based cluster visualization method from $O(N)=N^3$ to $O(N)=N^2 \log N$. Published findings and method in a paper - and conference presentation - for the North American Fuzzy Information Processing Society 2026 conference.
